

COVID – 19 CORONAVIRUS UPDATE

Butte Center for the Performing Arts cares for our artists and patrons of the Mother Lode Theatre. During this time the theatre is concerned for everyone's welfare associated with the Covid-19 coronavirus and are taking the following actions for March and April:

Butte Symphony Association has postponed their April 11 performance and rehearsals.

Butte Community Concert Association has postponed the March 19 Sons of the Pioneers performance. At this time there is no word if the April 24 performance has been postponed. Please check Community Concert Facebook page or buttearts.org website for updated information.

Mission Mountain Wood Band Concert has postponed their April 18 concert at the Mother Lode. The concert will be rescheduled for this fall.

Spring Dance Recitals are still planned for April through June at this time. Theatre staff and dance companies are in communication and will make a determination of whether to reschedule their spring recitals based on recommendations by state and local health department officials.

Warren Miller Ritual Mountain Bike Film Tour is postponed until summer or fall.

Mother Lode Theatre staff will be cleaning everything to ensure the theatre is clean for our artists and patrons. We will be cleaning all surfaces, knobs, handles, armrests, faucets, railings – anything the public touches in the theatre is getting extra bleach-cleaned.

The more we can do to **slow the spread**, the better it will be for all of us.

We're planning ahead. We're following up daily, with state and local health officials and with our artists and events scheduled through June. We'll keep you posted through Facebook, our website and box office staff.
